ABSTRACT

This research report presents findings from a survey questionnaire designed to obtain information about current university programs in extracurricular athletics. The survey encompasses responses from 29 colleges: 11 in British Columbia, 8 in other Canadian provinces, and 10 in the United States. The responses indicate a general trend toward basketball and volleyball as the most common intramural activities for men. Badminton and volleyball are the most common for women as co-recreational activities. Basketball is the most common activity among men and women in intercollegiate athletics. From individual responses, however, other activities appear at least as often as basketball. Two tables of data are presented, citing the most frequently mentioned activities for intramural and intercollegiate athletics by men and women from the three different geographic areas. The appendix includes a sample questionnaire. (BEB)

SURVEY OF EXTRA-CURRICULAR ATHLETICS
(both intercollegiate and intramural)

A questionnaire (see Appendix A) was directed to twenty-nine colleges (eleven in British Columbia, eight in other Canadian provinces and ten in the United States) to obtain information about the current programs of extra-curricular athletics. There was a 96.6% return. (See Table I)

TABLE I: SUMMARY OF THE DISTRIBUTION AND RETURN OF THE QUESTIONNAIRES

Location of College/University/Institute	Questionnaires Sent	Questionnaires Returned	%age Returned
British Columbia	11	11	100.0%
Other Provinces of Canada	8	7	87.5%
United States of America	10	10	100.0%
Total	29	28	96.6%

Enrolments:

The enrolments are presented in Table II.

TABLE II: ENROLMENTS IN THE 28 COLLEGES THAT RESPONDED

Locations	Full-Time Students Average	Full-Time Students (Range)	Part-Time Students Average	Part-Time Students (Range)	Combined Average
British Columbia	1,105	(336-2842)	596	(0-1787)	1,701
Other Provinces	3,304	(870-6300)	1,142	(0-4500)	4,445
U. S. A.*	5,807	(36[illegible]-9561)	5,131	(1300-10,858)	10,424

*One respondent reported total enrolment only.

Summary of Responses:

The responses to the items were as follows:

1. Does your institution give credit courses in physical education? (Indicate the number of courses.)

Institutions	Yes	No	No Response	Range of the Number of Courses Offered
British Columbia	5	6	0	0 - 28 (Median 15)
Other Provinces	2	5	0	0 - 25 (Median 13)
U. S. A.	9	0	1	1 -104 (Median 44)
Total	16	11	1	0 -104

From this sample, it would appear that American institutions give credit courses in physical education while their counterparts in Eastern Canada generally do not. In British Columbia about one-half of the institutions offer credit courses in physical education. It is also clear, too, that the American schools offer a greater number of credit courses in physical education.

(The differences among the three groups are significant at the .01 level; $\chi^2 = 9.79$.)

2. Does your institution give non-credit courses in physical education? (Indicate the number of courses.)

Institutions	Yes	No	No Response	Range of the Number of Courses Offered
British Columbia	1	9	1	0 - 3
Other Provinces	2	5	0	0 - 20
U. S. A.	2	6	2	0 - 6
Total	5	20	3	0 - 20

Only a small proportion of the institutions offer "non-credit" physical education and those that do, give very few courses. The differences among the groups are not significant.

3. Does your institution have an intramural program of athletics?

Institutions	Yes	No	No Response
British Columbia	8	3	0
Other Provinces	7	0	0
U. S. A.	9	1	0
Total	24	4	0

Most of the institutions have intramural athletics. In British Columbia, three of the newer colleges have no such programs; one of these noted that it had no gymnasium at present, and that it hopes to have a small intramural program next year. Here again, the differences among the groups are not significant.

4. Does your institution participate in intercollegiate athletics?

Institutions	Yes	No	No Response
British Columbia	9	2	0
Other Provinces	7	0	0
U. S. A.	10	0	0
Total	26	2	0

Except for two colleges in B. C., all of the institutions participate in intercollegiate athletics. The differences among the groups are not significant.

5. Which of the following groups is responsible for the provision of intramural athletics?

	Institutions in British Columbia	Institutions in Other Provinces	U. S. A.	Total
(a) The Administration	6	0	5	11
(b) Dept. of Physical Education	1	2	7	10
(c) Rep. of P. E. Dept.	3	1	3	7
(d) Student Council	4	4	3	11
(e) Some other group*	2*	0	0	2*

Note:

*Includes "P. E. majors", "Student-Volunteers".

In general, there is no single group that is more responsible than other groups for the provision of intramural athletics. However, there do seem to be regional differences; in B. C. it is the Administration, in other provinces, the Student Council, and in the U. S. A. the P. E. Department that provides the intramural program.

6. Which of the following groups is responsible for the provision of intercollegiate athletics?

	Institutions in British Columbia	Other Provinces	U. S. A.	Total
(a) The Administration	7	2	7	16
(b) The Department of Physical Education	2	4	7	13
(c) A representative of the Department of Physical Education	2	0	2	4
(d) The study society council (or committee)	3	4	4	11
(e) Some other group. (Please specify.)	1*	0	1**	2

Notes: * An Athletic Council of five students and five staff.
** Athletic Director, responsible to Dean of Students.

General, there is no single group that is markedly more responsible than other groups for the provision of intercollegiate athletics. Commonly they are provided by the Administration, the P. E. Department, or Student Council.

7. Specify the title or position of:

(a) The administrative, faculty or staff member responsible for intercollegiate athletics

British Columbia	Other Provinces	U. S. A.
Coordinator of Athletics (2)	Head, P. E. Department	Director of Athletics (7)
Athletic Coordinator (2)	Director, Student Services	Chairman, P. E. Dept.
Dean of Students	Recreation Officer	Director of P. E. and Athletics
Athletic Committee	Director of Athletics	Director of Student Activities
Director of Athletics	Coordinator of Sports and Leisure	
Director of P. E. and Athletics	Athletic Director	

(b) The administrative, faculty, or staff member responsible for intramural athletics

British Columbia	Other Provinces	U. S. A.
Coordinator of Athletics (3)	Head, P. E. Department	Intramural Director (4)
Intramural Director	Director of Student Services	Coordinator of College Activities
Coordinator of Intramural Athletics	Recreation Officer	Director of P. E. & Athletics
Athletic Committee	Coordinator of Intramurals	Intramural Supervisor
Dean of Students	Coordinator of Sports & Leisure	P. E. Dept. Chairman
	Intramural Assistant	Athletic Director

(c) The student responsible for Intercollegiate Athletics

British Columbia	Other Provinces	U. S. A.
Athletic Coordinator	Sports Chairman	Student Council (2)
	Vice-President-Athletics	Student Committee
	Athletic Representative	Athletic Representative
	Director R. A. C.	Students' Athletic Director
	Chairman of Athletics	
	Sports Commissioner	

(d) The student responsible for Intramural Athletics

British Columbia	Other Provinces	U. S. A.
Athletic Representative	Sports Chairman	Student Council
Athletic Coordinator	Athletic Representative	Student Committee
	Director R.A.C.	Student President
	Chairman - Intramurals	Ass't. to Intramural Director
	Sports Commissioner	Student Intramural Director

8. Is the Director of Intramural Athletics (or equivalent) appointed:

	B. C.	Other Provinces	U.S.A.	Total
(a) periodically within each academic year?	1	0	2	3
(b) annually?	1	0	1	2
(c) for an indefinite period?	3	2	3	8
(d) on some other basis? (Please specify.)	1*	5**	2***	8

Notes:

*Appointed for Fall-Spring semesters. Expect to appoint on a 2-year basis as of January 1, 1972.

**Recreation Officer is a full-time college staff member.
At present, interim appointment of a paraprofessional but an Intramural Director is to be appointed for an indefinite period.

***Departmental vote.
The Director of Intramural Athletics is commonly appointed for an indefinite period.

9. Is the position of Director of Intramural Athletics, (or equivalent):

	B. C.	Other Provinces	U.S.A.	Total
(a) a full-time administrative appointment?	1	3	0	4
(b) a partial administrative, partial teaching appointment?	5*	1	4**	10**
(c) a full-time teaching appointment with additional athletic responsibilities?	1	1	3	5
(d) other than the above? (Please specify.)	0	1	2**	3

Notes:

*Recognition of time involved considered in determining teaching load.

**The position is sometimes combined with teaching; i. e., there is commonly a reduction in the teaching load of a designated staff member.

10. If teaching is a partial or full-time function of the Director of Intramural Athletics, what compensations for athletics-involvement are provided?

	B. C.	Other Provinces	U.S.A.	Total
(a) Time (Specify amount.)	1	2	6	9
(b) Money (Specify amount.)	0	1	3	4
(c) Other (Please specify.)	0	0	0	0

The "time" compensations were:

"equivalent of one course", "three hours per week", "1/2 release", "10% to 25% release", "reduction of four hours in teaching load", "two classes", "three-tenths".

The "money" compensations were:

"overtime pay", "one overload per term $460.", "$1000", "$7.50 per hour".

Where compensations are made for involvement in athletics, they are more frequently compensations of time rather than money.

11. To whom is the Director of Intramural Athletics responsible?

	B. C.	Other Provinces	U.S.A.	Total
(a) Chief Executive Officer	0	1	0	1
(b) Dean* of _____ (Specify at right.)	3	0	5	8
(c) Division Chairman	0	1	2	3
(d) Department Head	3	2	2	7
(e) Other** (Please specify.)	1	1	0	2

Notes:

*Dean of: "Students" (4), "Instruction" (2), "Faculty and Curriculum" and "Coordinator of College Activities".

**"Director of Athletics", "Chief Instructor of P. E. and Recreation".

The Director of Intramural Athletics is generally responsible to a Dean or to the Head of the P. E. Department.

12. Is the Director of Intercollegiate Athletics (or equivalent) appointed:

	B. C.	Other Provinces	U.S.A.	Total
(a) periodically within each academic year?	0	0	0	0
(b) annually?	2	0	3	5
(c) for an indefinite period?	2	3	6	11
(d) on some other basis?* (Please specify.)	1	1	1	3

Note:

*"Appointed for two semesters last August. Expect to appoint on a 2-year basis", "by Departmental vote".

The Director of Intercollegiate Athletics is generally appointed for an indefinite period.

13. Is the position of Director of Intercollegiate Athletics, or equivalent:

	B. C.	Other Provinces	U.S.A.	Total
(a) a full-time administrative appointment?	0	2	1***	3
(b) a partial administrative, partial teaching appointment?	6*	2	8*	16
(c) a full-time teaching appointment with additional athletic responsibilities?	0	1*	0	1
(d) other than the above?	0	1**	1**	2

Notes:

*All P. E. faculty teach at least one course.
**The P. E. Department Chairman is responsible for intercollegiate athletics.
***To be changed to (b) in the near future.

The Director of Intercollegiate Athletics is usually a partial administrative, partial teaching appointment.

14. If teaching is a partial or full-time function of the Director of Intercollegiate Athletics, what compensations for athletics-involvement are provided?

	B. C.	Other Provinces	U. S. A.	Total
(a) Time (Specify amount.)	3	2	5	10
(b) Money (Specify amount.)	0	0	1	1
(c) Other (Please specify.)	0	0	2	2

The "time" compensations were:

"25-50% release", "equivalent of one course", "fifteen contact hours", "two-thirds of teaching load", "ten hours release for each sport coached", "two classes off".

The "money" compensation mentioned was "$500.00".

When given, compensation for athletics-involvement is generally given in time released from normal duties.

15. To whom is the Director of Intercollegiate Athletics responsible?

	B. C.	Other Provinces	U. S. A.	Total
(a) Chief Executive Officer	1	1	3	5
(b) Dean* of _____ (Please specify.)	1	0	5	6
(c) Division Chairman	1	2	0	3
(d) Department Head	2	2	1	5
(e) Other** (Please specify.)	1	1	1	3

Notes:

*Dean of: "Instruction" (3), "Students" (2), "Life Sciences".
**"Associate Superintendent of College", "Chief Instructor of P.E.", "Principal of Division", "Director of Student Services".

The Director of Intercollegiate Athletics is generally responsible to a Dean, the Department Head or an Executive Officer.

16. Are intercollegiate athletics organized:

	B. C.	Other Provinces	U. S. A.	Total
(a) on an annual basis?	7*	6	6	19
(b) on a semester basis?	1*	1	2	4
(c) on a trimester basis?	0	0	0	0
(d) on a quarterly basis?	0	0	0	0
(e) on some other basis? (Please specify.)	1	1**	1***	3

Notes:

*The activity involved dictates the response.
**"Planned for September through April, depending on activity."
***Activities are planned on a seasonal basis.

The majority of intercollegiate athletics are organized on an annual basis, with exceptions due primarily to the seasonal nature of certain activities.

17. Are intramural athletics organized:

	B. C.	Provinces	U. S. A.	Total
(a) on an annual basis?	3	4	4	11
(b) on a semester basis?	5	3	2	10
(c) on a trimester basis?	0	0	0	0
(d) on a quarterly basis?	0	0	2	2
(e) on some other basis? (Please specify.)	1*	1**	0	2

Notes:

*The planning has been done in the summer for fall and spring but expect to begin annual planning in January, 1972.

**"Planned for September through April, depending on activity."

The organization of intramural athletics is carried out on an annual or semester basis in almost every case.

18. Is there a Council for Intercollegiate Athletics which is representative of:

	B. C.	Province	U. S. A.	Total
(a) the administration only?	0	0	0	0
(b) the faculty only?	1	0	0	1
(c) the students only?	0	2	0	2
(d) combination of the above? (Please specify.)	5	5	6	16

The combinations mentioned were:

"Students, Faculty and Administrators" (5), "Administrators and Faculty" (1), "Students and Faculty" (2), and "Students and Administrators" (2).

When a Council for Intercollegiate Athletics exists, it is generally composed of representatives of the administration, faculty and students.

19. Is there a Council for Intramural Athletics which is representative of:

	B. C.	Other Provinces	U. S. A.	Total
(a) the administration only?	0	0	0	0
(b) the faculty only?	1	0	1	2
(c) the students only?	1	1	0	2
(d) combination of the above? (Please specify.)	5	4	5	14

The combinations listed were:

"Faculty and Students" (7), "Administrators, Faculty and Students" (3) and "Administrators and Faculty" (1).

Most Councils for Intramural Athletics are composed of faculty and students.

20. Are coaches of intercollegiate athletics:

	B. C.	Other Provinces	U. S. A.	Total
(a) members of Physical Education or Recreation faculty?	4	3	9*	16
(b) members of faculties other than P. E. or Recreation?	8	2	3	13
(c) non-instructional personnel?	4	2	2	8
(d) students?	0	1	0	1
(e) other than above? (Please specify.)	0	2*	1*	3

Notes:

*Coaches are hired from outside the P. E. and Recreation faculty only when necessary.

Faculty members, drawn primarily from the Physical Education and Recreation faculties, generally serve as coaches of intercollegiate athletics.

The difference among the three groups of colleges approaches significance at the 0.10 level. ($\chi^2 = 12.5$)

21. Sources for operating budget for intercollegiate athletics are:

	B. C.	Other Provinces	U. S.	Total
(a) administrative grant	4	3	7	14
% of total budget*	33-74%	10-80%	46-100%	
amount*	$4,050-$6,000	$2,000	$15,000-$46,000	
policy for determining grant	budget request	salaries travel equipment needs	salaries budget request	
(b) Students' Council grant	3	5	8	16
% of total budget*	21-100%	10-90%	23-100%	
amount*	$1,400-$19,000	$11,600-$18,000	$6,000-$60,000	
policy for determining grant	budget request travel fees	budget request student decision	budget request travel student decision	
(c) other sources (Please specify.)	2	2	0	4
% of total budget*	46-50%	10-75%		
amount*	$200-$7,000	$7,500		
policy for determining grant	gate receipts outside club fees	gate receipts government grant: student interest		

Notes:

*The figures reported represent the range of figures found on the questionnaires. Therefore, since not all respondents answered each question, the highest (lowest) percentage does not necessarily correspond to the highest (lowest) amount cited.

The operating budgets for intercollegiate athletics consist primarily of grants from administrative sources and the Students' Council. The number of colleges in the U.S.A. and in Canada that receive the majority of their operating funds from administrative grants is approximately equal to those receiving more from Students' Council grants. The colleges in British Columbia and other Canadian provinces rely on other sources such as gate receipts for part of their operating budgets whereas none of the reporting U.S.A. colleges do so. The sizes of the operating budgets for U.S.A. colleges are considerably larger than those for Canadian colleges, but one must bear in mind the relationships between the size of the budget, location of the college and its enrolment.

22. Sources for operating budget for intramural athletics are:

	B. C.	Other Provinces	U. S.	Total
(a) a portion of the budget for intercollegiate athletics	3	1	5	9
% of total budget*	10-20%		100%	
amount*	$500-$1,200		$500-$1,500	
policy for determining grant	formula request		Students' Council approval	
(b) administrative grant	3	3	1	7
% of total budget*	50-100%	10-100%		
amount*	$600-$4,000	$3,000-$6,000		
policy for determining grant	formula	formula budget request		
(c) Students' Council grant	3	1	6	10
% of total budget*	26-100%		3-100%	
amount*	$260-$3,700		$1,400-$5,000	
policy for determining grant	formula budget request		budget request	
(d) other sources (Please specify.)	2	1-gov't.	0	3
% of total budget*		10%		
amount*		$1,000		
policy for determining grant		student interest		

Notes:

*Only the range of values reported have been given here. Since not all respondents answered each question, the extremes of the percentages do not necessarily correspond to the extremes for the amounts.

The principal sources for the operating budgets for intramural athletics were Students' Council grants and a portion of the budget for intercollegiate athletics. The British Columbia colleges indicated funding from all of the sources listed on a more or less equal basis whereas the operating budgets for intramural athletics in Canadian colleges other than those in B. C. were funded more by administrative grants than by any other source. The most frequently cited policy for determining the grants was "by a formula" with "budget request" second for all Canadian colleges.

23. How are operating budgets for intercollegiate athletics determined and allocated?

	B. C.	Other Provinces	U. S. A.	Total
(a) On an annual basis	8	6	10	24
(b) Each semester	0	0	1**	1
(c) Each quarter	0	0	0	0
(d) On some other basis (Please specify.)	1*	1*	0	2

Notes:

*Budget determined during the summer semester for the fall and spring programs and approved in the fall.
**Students' Council grants must be approved each semester.

24. How are operating budgets for intercollegiate athletics determined and allocated?

	B. C.	Other Provinces	U. S. A.	Total
(a) On an annual basis	5	6	8	19
(b) Each semester	1	0	1**	2
(c) Each quarter	0	0	0	0
(d) On some other basis (Please specify.)	2*	1*	0	3

Note: same as for item 23.

The operating budgets for both intercollegiate athletics and intramural athletics are determined and allocated on an annual basis in almost every case.

25. For whom are intercollegiate athletics available?

	B. C.	Other Provinces	U. S. A.	Total
(a) Only for full-time college students	5*	6	7**	18
(b) For full-time and part-time students	4	1	3**	8
(c) Undefined as yet	1	0	0	1

Notes:

*The response will change to (b) in the near future.
**Conference regulations dictate policy on this matter.

Intercollegiate athletics are available to full-time college students only in the majority of cases. British Columbia and United States respondents indicated that part-time students were encouraged to participate whenever possible.

26. Please check the athletic activities offered by your institution.

While there are differences in the popularity of certain activities due to location or cultural differences, the same trends were present for British Columbia, other provinces and United States colleges. For intramural athletics, basketball and volleyball are the most common activities for men, badminton and volleyball for women and as co-recreational activities. For intercollegiate athletics the most common activity for men and women is basketball, however, on an individual group basis other activities appear at least as often as basketball. For example, colleges from other Canadian provinces marked basketball, curling and ice hockey an equal number of times for men. Tables III and IV indicate the most frequently cited activities for intramural athletics and intercollegiate athletics by sex and by location.

TABLE III: MOST FREQUENTLY CITED ACTIVITY FOR INTRAMURAL ATHLETICS

COLLEGE
EXECUTIVE
OFFICES

Following recent discussions on our Athletic program, Vancouver City College Council agreed that an ad hoc committee be struck to study college athletics and make appropriate recommendations concerning its governance, financial base, and like matters.

To assist the Committee with its task, the enclosed questionnaire is sent to you with the request that it be completed (possibly by an appropriate member of your staff) and returned to this office as soon as possible, hopefully, before month's end. (For your information, our completed questionnaire -- reflecting the current situation at Vancouver City College, Langara - is enclosed.)

I would be pleased to send you a copy of the survey results when these are available, should you so request.

In conclusion, my thanks to you for your involvement in this matter.

Yours sincerely,

H. E. Pankratz,
Executive Director,
Instruction.
